Simple tips for saving time and money

1

Sign up for AccèsD Affaires. AccèsD Affaires is a practical online financial management tool that lets you perform a wide range of transactions, from paying bills and managing cash flow to handling international transfers and credit card management, whether from your office, your home or anywhere else.

AccèsD Affaires frees you from scheduling and travel constraints and lets you delegate transactions of your choice to your employees while maintaining control of your business. Also available on your smartphone or tablet.

2

Use Desjardins ATMs with the Desjardins Business Access Card. Automated transactions are faster and less expensive. With the Desjardins Business Access Card for deposits only, you can delegate deposits to employees without giving them access to your company's account balances..

3

Automate your accounts receivable by using Direct Deposit/Withdrawal or the Account Collection Service (SPC).

4

Sign up for the direct deposit and withdrawal service to manage high volumes of payments to your suppliers or regularly collect payments from your customers.

5

It could be to your advantage to sign up for one of our transaction plans. Talk to your advisor or account manager.

6

Use Garda services. If you deposit less than \$30,000 per deposit and more than \$60,000 per month in cash (bills and coins), it would be more economical for you to use Garda cash transportation services.

7

Use Desjardins Payroll Services. For a low fee, Desjardins Payroll Services can handle your entire payroll, including deductions at source, with deposits directly into your employees' accounts.

8

Use the Visa Desjardins Business card or Visa Desjardins Purchasing card to pay your bills. This will reduce withdrawal and cheque service charges while providing you better control over your expenses, and comes with many other advantages, such as the Business Savings program, which offers 1% cash back on your purchases.

Customized fee schedule

Would a customized fee plan better suit your needs?

Do you make a large number of transactions and have savings or loan accounts at your Desjardins caisse?

If so, a customized fee schedule may be right for you.

For more information regarding customized fee schedules, contact your account manager at your Desjardins caisse or Desjardins Business Centre.

1. Fees subject to change without notice. Fees for additional transactions range from \$1.25 to \$5. For transaction plans, fees of \$0.25/item, \$2.25/\$1,000 in bills and \$2.25/\$100 in coin will be charged for additional deposits.
2. The caisse reserves the right to charge additional fees for large deposit volumes.
3. No charge for GST and QST remittances.
4. Includes transfers between CA\$ and US\$ accounts. *Interac* e-Transfer available in CAD only.
5. Fees for this service shall be monthly and automated.
6. These fees also apply when using the Multiproject clause.
7. You don't need to keep track of individual setup, review or renewal fees. The table opposite shows the basic fee options for the financing fee package. To this base fee can be added the monthly management fee (if applicable). The fee amount shown on the statement would represent the total fees.
8. Financing that is not eligible for monthly plans and cannot be used to establish the value of eligible financing:
 - Loans guaranteed by the Ministère de l'Agriculture, des Pêcheries et de l'Alimentation du Québec
 - Financing granted as part of a program guaranteed by the Société d'habitation du Québec or the City of Montreal
 - Term loans and lines of credit in U.S. dollars
 - Term loans and home equity lines of credit
 - Letters of documentary credit or letters of guarantee
 - Credit cards
 - *Business Freedom Solutions*
 - *Accord D* financing
 - Canada Emergency Business Account (CEBA)
 - Business Development Bank of Canada Co-Lending program
 - Conditional sale contract
