Proposed merger

Be a part of creating your new caisse:

Caisse Desjardins des Rivières-du-Nord-de-l'Outaouais

A natural fit that reflects our vision for the future

For the last few months, the directors of the two caisses have been working on identifying what we need to make us a strong financial institution that:

- Strives to be a top performer for its members
- Draws its support from a solid base of loyal members
- Has a strong local presence

They concluded that merging the two caisses would be a clear way to achieve these goals. Because the caisses have complementary strengths and a shared vision, joining forces would be in the best interest of their members, employees and communities.

The new caisse

- **9 elected directors**, representing all sectors of the caisse, in charge of the governance of this new organization while remaining attentive and close to our members
- **One big team** to serve you
- **3 service centres**
- **1 self-service centre**
- First-rate financial services and personalized advice
