Under its prior authorization program, Desjardins Insurance authorizes the reimbursement of certain drugs that meet criteria that are based, in particular, on clinical practice guidelines and recommendations issued by health technology assessment organizations. The drug will be eligible for reimbursement if it meets the insurer's criteria, if it's not administered in a hospital and if it's not eligible under a government program. If the information on your form is complete, your request will normally be processed within 5 business days.

When the request is received, it will be assessed in the strictest confidence. In some situations, additional diagnostic or clinical information may be required.

If the treatment continues beyond the authorized period, you will be asked to submit a new request form and provide information that justifies the extension of treatment. If you have a payment card, your pharmacist will be advised that the authorization period is coming to an end. The insurance must be in force and the patient still covered on the date expenses are incurred. This prior authorization is subject to change if, at the time expenses are incurred, the contract has been modified.

When Desjardins Insurance declines a prior authorization request, it is because we need to uphold conditions set out in the contract. It does not mean we are questioning the physician's opinion. If you have any questions, please contact our Client Relations Centre at the number indicated on page 1 of this form.

Personal information management

To serve you effectively every day and fulfill our legal obligations, we need to collect, use and disclose information about you. You can read Desjardins Group's Privacy Policy at www.desjardins.com/privacy-policy for full details on how your personal information is processed. Specific consents may be required to begin and maintain a business relationship with Desjardins Insurance. These steps will be taken in compliance with Desjardins Group's Privacy Policy. Desjardins Insurance handles the personal information it has on you in a confidential manner. Access to your file is limited to authorized personnel who need it to access it to perform their duties. Desjardins Insurance may also communicate with plan members to provide them with optimal health management (management claim tools, informative health documentation, etc.) and offer its clients an insurance product following the termination of their group insurance. You have the right to review your personal information in our files and correct anything that is incomplete, ambiguous or not relevant. To do so, please consult our Privacy Policy.
