Volatility Analysis

Investment Objective

Until its target retirement date, this Fund aims to provide a high total return by investing primarily in underlying funds and by using a dynamic asset allocation strategy with a risk level that is in line with its time horizon. Thereafter, the Fund aims to provide current income and, as secondary objective, capital appreciation.

Benchmark

Blended benchmark rebalanced periodically to reflect a decreasing risk tolerance

Investment Strategy

Until its target retirement date, this Fund aims to provide a high total return with a risk level that is in line with its time horizon by investing in underlying funds that hold a mix of equities, fixed-income instruments and alternative investments. Thereafter, the Fund aims to provide current income and, as secondary objective, capital appreciation. The Fund is intended for investors who had or are planning to begin drawing income from their savings between 2028 and 2032. Over time, the portfolio is rebalanced to reflect a decreasing tolerance for portfolio volatility.
