LINE OF CREDIT INSURANCE...

IT'S KNOWING THAT YOU'VE THOUGHT AHEAD!

Getting a line of credit means you've got foresight. You can use your personal line of credit at any time, without having to re-apply for a loan each time. Your line of credit gives you the flexibility and the security you want.

But have you really got it all covered? Have you thought about what would happen if you became disabled or you were to die?

With Line of Credit Insurance

YOU GET MORE SUPPORT WHEN YOU NEED IT

COMPREHENSIVE COVERAGE

Line of Credit Insurance offers you two types of coverage to help you and your loved ones meet your financial obligations in times of hardship: life insurance and disability insurance.

Life Insurance can be used by your loved ones to pay off your line of credit based on the sum insured in case of death. Your foresight means they will not have any undue financial worries during a time that is already difficult.

Disability Insurance enables you to continue meeting your line of credit payments, based on the insured amount. Disability can strike anyone and it is very difficult to predict how long it will take to recover.

UNBEATABLE FEATURES

- Line of Credit Insurance has the most flexible eligibility criteria on the market and the fewest restrictions.
- Disability coverage may be adjusted according to the insured persons' needs.
- Disability benefits are paid regardless of your line of credit balance to a maximum of 60 months per period of disability.
- Benefits are not taxed and are not reduced by any amounts you may receive under another private or public insurance plan.
- Enrolling in Line of Credit Insurance gives you free access to assistance services to provide guidance and support when you need it most!

Think ahead and get the security you need today by signing up for Line of Credit Insurance.
