TERMS AND CONDITIONS GOVERNING THIS AGREEMENT

- 1- **Cancellation Terms:** The contract is concluded between the member and the Caisse two (2) business days following the member's receipt of this agreement (the "Effective Date"). The member is deemed to have received this agreement five (5) business days after it has been mailed or after the date of receipt in AccèsD, as applicable. Unless the member notifies the Caisse in writing within three (3) business days of the contract's Effective Date (the "Cancellation Deadline"):
 - that the information shown on the agreement is not in accordance with his/her request, or
 - that he/she does not accept all of the terms and conditions applicable to this agreement
 the member shall be deemed to have provided the instructions indicated in this agreement and to have accepted all conditions described herein. If the member cancels the agreement before the Cancellation Deadline, the initial deposit invested by the member will be returned to him/her in full and without fees or interest.
- 2- Before the date of issue, the Caisse has the right not to proceed, in whole or in part, with the issuance of the Market-linked Guaranteed Investment (the "Guaranteed Investment"). Any refused initial deposit, minus the paid regular income, will be returned to the member, without fees, with pre-issue interest as stipulated in section 13.
- 3- Where applicable, this agreement is subject to the provisions of the Application Form for an RRIF or LIF issued and administered by Desjardins Trust Inc. that the member has already signed with the Caisse.

TERMS AND CONDITIONS GOVERNING THE GUARANTEED INVESTMENT AND THE PAYMENT OF REGULAR INCOME

- 4- The member agrees to make, on the date of initial deposit, a first deposit (the "Initial Deposit") on which pre-issue interest is calculated according to section 13 of this agreement.
- 5- The Caisse shall be responsible for debiting from the account, on a monthly basis, the amount of regular income indicated above until the date of maturity.
- 6- The regular income amount cannot be modified during the term.
- 7- On the date of issue (the "Date of Issue"), the member expressly consents that the balance of the deposit as of this date shall be reinvested in the form of a Market-linked Guaranteed Investment maturing on the maturity date (the "Date of Maturity"). The term of the Guaranteed Investment is five (5) years (the "Term").
- 8- The principal of this investment, minus the paid regular income, is guaranteed by the Caisse at maturity. The Guaranteed Investment may not be negotiated or redeemed before the Date of Maturity, except for the provisions stipulated in section 26. No secondary market exists for this Guaranteed Investment nor will one be established. The Guaranteed Investment may not be transferred, except for the estate or the legatees in the event of the death of the member and as long as the transfer is made in an account at the Caisse.
- 9- This Guaranteed Investment may be hypothecated or given as security only in favour of the issuing Caisse to the extent permitted under current legislation.
- 10- This Guaranteed Investment is in Canadian dollars. The redemption of the principal, minus the paid regular income, and the payment of interest, if applicable, will be made in Canadian dollars.
- 11- This Guaranteed Investment is a deposit within the meaning of the *Deposit Insurance Act*, up to the maximum eligible amount. More information is available online (www.lautorite.qc.ca).

FEES

- 12- This Guaranteed Investment is not subject to any management fees. Therefore, at maturity, the interest corresponding to the yield will not be affected by any management fees.

TERMS AND CONDITIONS GOVERNING THE METHOD OF CALCULATION OF INTEREST

- 13- For the period between the date of Initial Deposit and the Date of Issue, the interest on the Initial Deposit shall be calculated on the daily balance at the pre-issue interest rate of 0.750% per annum converted at an equivalent monthly interest rate.

OTHER CONDITIONS ON FOLLOWING PAGES

14- For the period between the Date of Issue and the Date of Maturity, the interest generated by the Guaranteed Investment shall be determined at maturity according to the variation in the Zenitude Dynamic Guaranteed Portfolio-Income in the following manner:

$$\text{Interest} = \text{Principal} \times \text{Cumulative return} \times 110\%$$

Principal = The amount of the Initial Deposit, less any regular income payment made before the Date of Issue, plus the pre-issue interest accrued between the date of the Initial Deposit and Date of Issue.

Cumulative return = Total cumulative return of components C₁ to C₃ as per their respective ratios. Components C₁ to C₃ are subject to a maximum return as described in section 16.

110% = The rate of participation in the growth of the Zenitude Dynamic Guaranteed Portfolio-Income.

Maximum cumulative return including the participation rate of 110% = 14.300% equivalent to a maximum annual compound rate of return = 2.710%.

15- The Zenitude Dynamic Guaranteed Portfolio-Income is broken down in the following manner:

i - Variable-yield components:

C₁ : Globally Diversified Basket 75%
C₂ : Canadian Diversified Basket 15%
C₃ : Emerging Markets Basket 10%

16- The contribution of each of the components to the yield of the Guaranteed Investment is described below:

i - Variable-yield components:

C₁ : Globally Diversified Basket

The cumulative return on the Globally Diversified Basket, which applies to 75% of the principal, shall be determined at maturity as follows:

$$\text{Cumulative return} = \left[\left(\frac{CP^2}{CP^1} \text{ for } S_1 + \frac{CP^2}{CP^1} \text{ for } S_2 + \dots + \frac{CP^2}{CP^1} \text{ for } S_{20} \right) \times 1/20 \right] - 1$$

Maximum cumulative return = 13.000% equivalent to a maximum annual compound rate of return = 2.475%

If the cumulative return on the securities is negative, the value zero will be used in the calculation.

CP² = The average closing price of each security on October 7, 2021, November 8, 2021 and December 7, 2021 (or the following business day if no reading takes place on this security on any of these dates).

CP¹ = The price of each security at closing on December 7, 2016 (or the following business day if no reading takes place on this security on this date).

S₁ to S₂₀ = Each one of the twenty (20) securities listed below.

List of stock market securities. The weight applying to each security is 5%.

| Security | Stock Market | Currency | Security | Stock Market | Currency |
|---|--------------|-----------------|---|---------------|-------------------|
| S ₁ : Agrium Inc. (AGU CT) | Toronto SE | Canadian Dollar | S ₁₁ : Suncor Energy Inc. (SU CT) | Toronto SE | Canadian Dollar |
| S ₂ : Canadian Imperial Bank of Commerce (CM CT) | Toronto SE | Canadian Dollar | S ₁₂ : T. Rowe Price Group Inc. (TROW UQ) | NASDAQ GS | American Dollar |
| S ₃ : Eli Lilly & Company (LLY UN) | New York SE | American Dollar | S ₁₃ : Takeda Pharmaceutical Company Limited (4502 JT) | Tokyo SE | Japanese Yen |
| S ₄ : Engie (ENGI FP) | EN Paris | Euro | S ₁₄ : Telstra Corporation Limited (TLS AT) | Australian SE | Australian Dollar |
| S ₅ : Hennes & Mauritz AB (HMB SS) | Stockholm SE | Swedish Krona | S ₁₅ : Texas Instruments Inc. (TXN UQ) | NASDAQ GS | American Dollar |
| S ₆ : Kone OYJ (KNEBV FH) | Helsinki SE | Euro | S ₁₆ : The Hershey Company (HSY UN) | New York SE | American Dollar |
| S ₇ : Power Corporation of Canada (POW CT) | Toronto SE | Canadian Dollar | S ₁₇ : The Progressive Corporation (PGR UN) | New York SE | American Dollar |
| S ₈ : Reckitt Benckiser Group Plc (RB/ LN) | London SE | British Pound | S ₁₈ : The TJX Companies Inc. (TJX UN) | New York SE | American Dollar |
| S ₉ : Rogers Communications Inc. (RCI/B CT) | Toronto SE | Canadian Dollar | S ₁₉ : Thomson Reuters Corporation (TRI CT) | Toronto SE | Canadian Dollar |
| S ₁₀ : Royal Dutch Shell Plc (RDSA NA) | EN Amsterdam | Euro | S ₂₀ : Waste Management Inc. (WM UN) | New York SE | American Dollar |

C₂ : Canadian Diversified Basket

The cumulative return on the Canadian Diversified Basket, which applies to 15% of the principal, shall be determined at maturity as follows:

$$\text{Cumulative return} = \left[\left(\frac{CP^2}{CP^1} \text{ for } S_1 + \frac{CP^2}{CP^1} \text{ for } S_2 + \dots + \frac{CP^2}{CP^1} \text{ for } S_{20} \right) \times 1/20 \right] - 1$$

Maximum cumulative return = 13.000% equivalent to a maximum annual compound rate of return = 2.475%

If the cumulative return on the securities is negative, the value zero will be used in the calculation.

CP² = The average closing price of each security on October 7, 2021, November 8, 2021 and December 7, 2021 (or the following business day if no reading takes place on this security on any of these dates).

CP¹ = The price of each security at closing on December 7, 2016 (or the following business day if no reading takes place on this security on this date).

S₁ to S₂₀ = Each one of the twenty (20) securities listed below.

List of stock market securities. The weight applying to each security is 5%.

| Security | Stock Market | Currency | Security | Stock Market | Currency |
|--|--------------|------------------|---|--------------|------------------|
| S ₁ : Agrium Inc. (AGU CT) | Toronto | Canadian dollars | S ₁₀ : Fortis Inc. (FTS CT) | Toronto | Canadian dollars |
| S ₂ : National Bank of Canada (NA CT) | Toronto | Canadian dollars | S ₁₁ : Intact Financial Corporation (IFC CT) | Toronto | Canadian dollars |
| S ₃ : BCE Inc. (BCE CT) | Toronto | Canadian dollars | S ₁₂ : Inter Pipeline Ltd (IPL CT) | Toronto | Canadian dollars |
| S ₄ : Brookfield Asset Management Inc. (BAM/A CT) | Toronto | Canadian dollars | S ₁₃ : Scotiabank (BNS CT) | Toronto | Canadian dollars |
| S ₅ : Canadian Tire Corporation, Limited (CTC/A CT) | Toronto | Canadian dollars | S ₁₄ : The Toronto-Dominion Bank (TD CT) | Toronto | Canadian dollars |
| S ₆ : Canadian National Railway Company (CNR CT) | Toronto | Canadian dollars | S ₁₅ : Loblaw Companies Limited (L CT) | Toronto | Canadian dollars |
| S ₇ : Gildan Activewear Inc. (GIL CT) | Toronto | Canadian dollars | S ₁₆ : Power Corporation of Canada (POW CT) | Toronto | Canadian dollars |
| S ₈ : Crescent Point Energy Corp. (CPG CT) | Toronto | Canadian dollars | S ₁₇ : Rogers Communications Inc. (RCI/B CT) | Toronto | Canadian dollars |
| S ₉ : Husky Energy (HSE CT) | Toronto | Canadian dollars | S ₁₈ : Shaw Communications Inc. (SJR/B CT) | Toronto | Canadian dollars |
| | | | S ₁₉ : Thomson Reuters Corporation (TRI CT) | Toronto | Canadian dollars |
| | | | S ₂₀ : Cenovus Energy Inc. (CVE CT) | Toronto | Canadian dollars |

C₃ : Emerging Markets Basket

The cumulative return on the Emerging Markets Basket, which applies to 10% of the principal, shall be determined at maturity as follows:

$$\text{Cumulative return} = \left[\left(\frac{CP^2}{CP^1} \text{ for } S_1 + \frac{CP^2}{CP^1} \text{ for } S_2 + \dots + \frac{CP^2}{CP^1} \text{ for } S_{10} \right) \times 1/10 \right] - 1$$

Maximum cumulative return = 13.000% equivalent to a maximum annual compound rate of return = 2.475%

If the cumulative return on the securities is negative, the value zero will be used in the calculation.

CP² = The average closing price of each security on October 7, 2021, November 8, 2021 and December 7, 2021 (or the following business day if no reading takes place on this security on any of these dates).

CP¹ = The price of each security at closing on December 7, 2016 (or the following business day if no reading takes place on this security on this date).

S₁ to S₁₀ = Each one of the ten (10) securities listed below.

List of stock market securities. The weight applying to each security is 10%.

| Security | Stock Market | Currency | Security | Stock Market | Currency |
|--|--------------|-------------------|---|--------------|--------------------|
| S ₁ : Agricultural Bank of China Ltd (1288 HK) | Hong Kong | Hong Kong dollars | S ₆ : Industrial & Commercial Bank of China Ltd (1398 HK) | Hong Kong | Hong Kong dollars |
| S ₂ : Chunghwa Telecom Co Ltd (2412 TT) | Taiwan | Taiwan dollars | S ₇ : Kia Motors Corp (000270 KP) | Korea SE | South Korean won |
| S ₃ : China Construction Bank Corp (939 HK) | Hong Kong | Hong Kong dollars | S ₈ : MTN Group Ltd (MTN SJ) | Johannesburg | South African rand |
| S ₄ : CNOOC Ltd (883 HK) | Hong Kong | Hong Kong dollars | S ₉ : POSCO (005490 KP) | Korea SE | South Korean won |
| S ₅ : Fomento Economico Mexicano SAB de CV (FMX UN) | New York SE | U.S. dollars | S ₁₀ : Taiwan Semiconductor Manufacturing Co Ltd (2330 TT) | Taiwan | Taiwan dollars |

INTEREST LIMIT

17- The interest paid at maturity, if applicable, on components C₁ to C₃ is subject to a maximum as described in section 16. The maximum annual compound rate of return that applies to the entire portfolio shall be set out in the notice of confirmation of the initial index.

18- The return on the variable-yield components does not take into account the payment of dividends or distributions on shares or other securities included of the portfolio.

RISK AND SUITABILITY

19- Since the return on the Guaranteed Investment is tied to changes in the market, this Guaranteed Investment carries a higher level of risk than a traditional fixed-rate investment. Ultimately, the yield based on the performance of the stock market may be nil at maturity. This Guaranteed Investment is different from traditional fixed-rate investments because it does not guarantee a return determined in advance. Also, the yield based on the performance of the stock market can only be known for certain at maturity and is a function of the appreciation of the securities, which could be subject to major fluctuations in the capital markets. Consequently, the Caisse cannot guarantee a return at the Date of maturity.

20- The return at maturity on the variable-yield components of the Guaranteed Investment will not be affected by changes in exchange rates, even if the security prices are published in foreign currencies.

21- The Guaranteed Investment is not a direct investment in securities of the variable-yield components. Therefore, the member is not entitled to the rights or the benefits of a shareholder, such as the right to receive distributions or dividends or the right to vote or attend shareholders' meetings.

22- The cumulative return is calculated based on the average of the closing price of each security as described in section 16. Consequently, the yield paid out at maturity may not reflect the rate of return on the variable-yield components between the Date of Issue and the Date of Maturity.

23- Given the features of this kind of investment, the potential purchaser should consult his/her advisor to make sure that such an investment meets his/her investment objectives.

24- This Guaranteed Investment is a sound investment for those whose investment horizon is at least as long as the term of the Guaranteed Investment and who also intend to keep it until maturity. It is also a sound choice for those who wish to diversify their investments and who wish to gain exposure to the capital market and to enjoy a regular, stable income.

CONFLICT OF INTEREST

25- The Caisse could find itself in a situation of conflict of interest because, as the issuer of the Guaranteed Investment, it or, as the case may be, the Fédération des caisses Desjardins du Québec (FCDQ) or another entity belonging to the same group as the FCDQ, calculates the yield and interest payable to members at maturity. However, the security prices are public information and accessible to members.

TERMS AND CONDITIONS GOVERNING REDEMPTION AND CONVERSION OPTIONS

26- Once a year, after the Guaranteed Investment has been held for three (3) years, the member may exercise his/her redemption or conversion option according to the terms and conditions set out below. The redemption option allows a member to redeem the total amount or a portion of the Guaranteed Investment. The conversion option allows a member to convert the total amount or a portion of the investment into another market-linked investment for a term that is equal to or longer than the term remaining on the current investment. Where appropriate, the member will have to contact the Caisse to find out about the eligible investments that are available to him/her during the conversion request period.

Eligible Amounts and Notice of Execution

To exercise his/her redemption or conversion option, the member must advise the Caisse in writing, by telephone or by fax during the redemption or conversion periods indicated below. For a conversion, the member must indicate the new investment and the term selected. The redemption or conversion option may be exercised on the total amount or a portion of the amount invested (partial withdrawals of at least \$3,000, with a remaining balance of at least \$3,000). In cases where the balance prior to the exercise of the redemption or conversion option is less than \$6,000, the full amount of the investment must be redeemed or converted. Unless otherwise specified by the member, the option selected will be exercised on the full amount of the investment.

The Caisse is not in any manner required to advise the member of the periods in which he/she may exercise these options, the member being solely responsible for notifying the Caisse of his/her decision to exercise one or the other option according to the agreed terms.

The member who has notified the Caisse of his/her decision to exercise one of these options may only cancel this request during the redemption or conversion request periods, as determined below.

Dates for Exercising the Redemption or Conversion Options

| | Period No. 1 | Period No. 2 |
|---|--------------------------|--------------------------|
| Redemption or conversion request period* | 2019-11-11 to 2019-11-22 | 2020-11-09 to 2020-11-20 |
| Date of determination of the redemption or conversion value | 2019-12-04 | 2020-12-04 |
| Effective date of the redemption or conversion** | 2019-12-09 | 2020-12-09 |

* Period during which either option may be exercised and that extends over a period of ten (10) business days.

** Date on which the principal, minus the paid regular income, and interest payment is made, if applicable, or the transfer to another investment is made.

Determination of the Redemption or Conversion Value

The value of the redemption corresponds to the market value of the Guaranteed Investment on the date its value has been determined. The value of the conversion to another market-linked guaranteed investment is higher than the redemption value due to an increase granted to the member for demonstrating loyalty.

It is impossible to determine the redemption or conversion value in advance. The member will be informed of the approximate value of the redemption or conversion on request, during the request period only. The value is given for guidance only due to the time frame between the date the redemption request was made and the date the value of the redemption or conversion is determined. **The member may therefore obtain a value that does not correspond to the approximate value received during the option request period, and the variations may be either higher or lower.**

The redemption or conversion value varies based on the following factors: the regular income paid and to be paid, the cumulative return on the Guaranteed Investment since its issue, the fact that the principal guarantee, minus the paid regular income, applies at maturity only, volatility, interest rates and the term remaining before the Date of Maturity. Factors that influence redemption and conversion values interact, which means, for example, that one factor may cancel the potential increase in the redemption or conversion value that is attributable to another factor. To illustrate, an increase in interest rates may cancel the full amount or part of the increase in the redemption or conversion value that is attributable to the investment's cumulative return. **Therefore, the redemption or conversion value may not reflect the product's cumulative return since its issue, and may even be lower than the principal, minus the paid regular income. The redemption or conversion value never equals the maximum possible value of the investment at maturity.**

For a redemption or conversion, any amount paid over and above the principal, minus the paid regular income, will be considered interest income for Guaranteed Investments held outside registered plans. Prior to making the decision to exercise either of these options, it is recommended that the member inquire about the applicable tax treatments.

Extraordinary Events

Even if the Caisse intends to proceed with the redemption or conversion request on the dates specified, extraordinary events may arise, as stipulated in section 28 below, that may prevent the Caisse from proceeding with the redemption or conversion as agreed. The member who notified the Caisse of his/her intention to exercise either of these options will then be informed of the situation.

RENEWAL AND TERMS AND CONDITIONS GOVERNING REDEMPTION OF PRINCIPAL AT MATURITY

27- On the Date of Maturity of the Guaranteed Investment, unless the Caisse is notified to the contrary no later than the fifth (5th) business day following such date, the balance of the principal, less regular income payments made and any interest on the principal, if applicable, shall be reinvested in a Guaranteed Investment of the same type offered with a corresponding minimum investment amount. The term and the annual payment shall be identical to those in this Guaranteed Investment. Should no equal term and/or annual payment be offered at that time, the term and the annual payment shall be as close as possible to those in this Guaranteed Investment. If a Market-linked Guaranteed Investment, offered with a minimum investment amount corresponding to the balance of the principal, less regular income payments made and any interest on the principal, if applicable, is not offered or is not available through automatic renewal for any reason whatsoever, the balance of the principal, less regular income payments made and any interest on the principal, if applicable, shall be deposited into a regular savings account or a personal chequing account, depending respectively on whether the plan is a registered (RRIF or LIF) or non-registered plan. The annual interest rate shall be the rate then in effect at the Caisse for such a savings account. The interest shall be calculated daily and compounded annually.

EXTRAORDINARY EVENTS

28- The member acknowledges that a disruption on capital markets (e.g. transactions halted due to a sharp drop in or a problem with the publication of security prices), a change in the publication of security prices (e.g. a merger, a stock split), securities facing some financial hardship (e.g. company bankruptcy) or any other extraordinary circumstance or event out of the control of Desjardins Group and having a significant impact on product management (an "Extraordinary Event") may occur and affect the Caisse's capacity to calculate or pay the yield or to fulfill any other obligation on the date provided for. If the Caisse believes, at its sole discretion, that such an event has occurred, the member agrees that the Caisse may depart from the terms and conditions of this agreement and take any action as deemed appropriate and equitable in the circumstances, including, without limitation, the substitution of securities, adjusting, anticipating or deferring the calculation or the payment of the yield, or determining the yield in a different manner. The Caisse will determine which measures to take in the above-mentioned circumstances, at its sole discretion, and will take reasonable action and will consider the interests of all stakeholders, in particular, without limiting the scope of the foregoing, those of members with products, those of other members of the Caisse or Desjardins Group, and the interests of the Caisse and those of Desjardins Group.

Because the product includes a guarantee capital, an extraordinary event will not affect the guarantee capital, but may positively or negatively affect the yield, and if negatively, it may be reduced to 0.

ACCESS TO INFORMATION

29- The return on the Guaranteed Investment is posted regularly on the Desjardins website (www.desjardins.com). It is intended for information purposes only and is different from the repurchase or conversion value. The Guaranteed Investment's yield and interest payable will only be calculated on the Date of Maturity. Complete information about Market-linked Guaranteed Investments is available on www.desjardins.com or upon request by calling 1-800-CAISSES.

TAXATION

30- This Guaranteed Investment is an investment eligible for registered retirement income funds (RRIFs) or life income funds (LIFs). For Market-linked Guaranteed Investments not held in one of the aforementioned registered accounts, the pre-issue interest is considered to be interest income for tax purposes for the year the Guaranteed Investment is issued. The member must add the pre-issue interest invested in the Guaranteed Investment according to section 13 to his/her income for the year said investment is issued. Amounts paid at maturity are considered to be interest income. The member must add the interest received at maturity, if applicable, to his/her income for the year it was paid. Compliant tax information slips are issued by the Caisse for this purpose. This information is of a general nature and constitutes neither a legal nor a fiscal opinion. Please discuss with your tax advisor for more information.

EXAMPLE OF RETURN CALCULATION AT MATURITY (5-year term) - Bull Market

| Components of the Zenitude Dynamic Guaranteed Portfolio-Income | Cumulative Return at maturity* | Minimum Guaranteed Cumulative Return and Maximum Cumulative Return considered | Cumulative Return used | Weight in the portfolio | Contribution to the Portfolio's Cumulative Return | Equivalent Compound Annual Return |
|---|--------------------------------|---|------------------------|-------------------------|---|-----------------------------------|
| C ₁ : Globally Diversified Basket | 23.32% | 0.00% to 13.00% | 13.00% | 75% | 9.75% | |
| C ₂ : Canadian Diversified Basket | 18.21% | 0.00% to 13.00% | 13.00% | 15% | 1.95% | |
| C ₃ : Emerging Markets Basket | 18.91% | 0.00% to 13.00% | 13.00% | 10% | 1.30% | |
| | | | | | 13.00% | |
| The cumulative return includes the participation rate of 110% in the growth of the portfolio. | | | | | 14.30% | 2.71% |

* See section 16 for details on how return is calculated for each component.

The return is presented solely for information purposes and is not a guarantee of future performance.

EXAMPLE OF RETURN CALCULATION AT MATURITY (5-year term) - Bear Market

| Components of the Zenitude Dynamic Guaranteed Portfolio-Income | Cumulative Return at maturity* | Minimum Guaranteed Cumulative Return and Maximum Cumulative Return considered | Cumulative Return used | Weight in the portfolio | Contribution to the Portfolio's Cumulative Return | Equivalent Compound Annual Return |
|---|--------------------------------|---|------------------------|-------------------------|---|-----------------------------------|
| C ₁ : Globally Diversified Basket | 3.68% | 0.00% to 13.00% | 3.68% | 75% | 2.76% | |
| C ₂ : Canadian Diversified Basket | 1.20% | 0.00% to 13.00% | 1.20% | 15% | 0.18% | |
| C ₃ : Emerging Markets Basket | -2.01% | 0.00% to 13.00% | 0.00% | 10% | 0.00% | |
| | | | | | 2.94% | |
| The cumulative return includes the participation rate of 110% in the growth of the portfolio. | | | | | 3.23% | 0.64% |

* See section 16 for details on how return is calculated for each component.

The return is presented solely for information purposes and is not a guarantee of future performance.
