

## **We donated \$5,000 to 3 organizations, thanks to YOU!**

At Desjardins, giving back to the community is part our commitment!

From June to December 2017, we matched the membership share of \$10 from each new member and donated it to the participating organization of their choice: Children's Hospital of Eastern Ontario, Ottawa Regional Cancer Foundation and Ottawa Humane Society. Our goal in this initiative was to demonstrate to new members that being a Desjardins member also means supporting projects that have a positive impact on our community's social and economic wellbeing.

### **Results**

**\$900**

**\$2,750**

**\$1,350**

We enjoyed presenting these amounts to each organization's representative last Tuesday, January 30th. Chantal Dompierre, Director of Community Engagement at CHEO, sent us the following note: "We want to thank Caisse populaire Rideau-Vision d'Ottawa and all of their new members' generosity which helps inspire others to join and support our cause".

We also want to thank all of our members for joining us in this initiative!
