Here to support youth and education

Helping young people become financially literate

Our caisses take part in the school caisse program. Through this program, elementary school children learn the value of money, the cost of goods, and the importance of setting savings goals and meeting financial commitments. **33 local elementary schools** offer the program. In 2018, we paid **\$2,740 in youth patronage** returns to diligent young savers who made at least seven deposits over the course of the year.

www.schoolcaisse.com has a wide range of activities, videos and games that help young people become independent, responsible and capable; instill cooperative values; and teach them the importance of sound financial management. The program also helps parents get involved in their children's financial education.

Preparing the next generation of Desjardins leaders

We believe our boards of directors should reflect the diversity of our communities. That's why we've taken steps to recruit more young people through initiatives like our Young Intern Directors program. Two young people are currently taking part in this unique, rewarding program: Carolyne Bjerring from Caisse populaire Trillium and Alex Robineau from Caisse populaire Rideau-Vision d'Ottawa. If you'd like to have a say in the direction of your caisse, let us know!

\$22,000 in scholarships

As part of our commitment to youth, we award scholarships to help local high school, college and university students continue their studies.

Meals from students

With help from Desjardins, students at École élémentaire catholique Saint-François-d'Assise and École élémentaire publique Francojeunesse put together recipes in a jar for the Centre espoir Sophie and the Parkdale Food Centre.

25th annual Jeux franco-ontariens

We gave \$5,000 to the Jeux franco-ontariens, the province's largest annual gathering of Franco-Ontarian youth. Over 650 young people from 106 French-language high schools come together at the event to showcase their skills in eight different disciplines.

\$10,000 to support future comedians

The LOL-Mort de rire! contest encourages 14- to 18-year-olds to write and perform a creative, imaginative stand-up comedy set. It's the only contest of its kind in Ontario. It aims to help aspiring stand-up comedians connect with their roots.

Supporting programs at École secondaire publique Louis-Riel

We supported the FitSpirit initiative, which encourages girls to stay physically active. Students in the program prepared bags of beauty and feminine hygiene products for women in need.

Desjardins also contributed to the school store, which was founded by students in the entrepreneurship class.

Preparing for the future with Personal Finance: I'm in Charge®

A total of \$102,000 was invested to continue offering this program in Ottawa and Eastern Ontario in collaboration with the EBO Financial Education Centre. Through the Personal Finance: I'm in Charge® program, Desjardins provides guidance to young adults at a time in their life when they have to make a lot of financial decisions for the first time. One of the goals of the program is to help them become responsible consumers by preparing them to make informed decisions and choices that are right for them.

Here to support cultural events in our communities

Desjardins donated \$15,000 to this festival where attendees can take in performances and strongwomen and strongmen competitions as they enjoy the best local bean recipes.

Centre espoir Sophie: *Je crois en moi* program

Desjardins is proud to support Centre espoir Sophie, the only French-language drop-in centre for women in Ottawa. We donated \$3,000 to *Je crois en moi*, a training program for marginalized women in our community. It provides them with the tools they need to take control of their lives.

Your membership share supports the organization of your choice

In 2018, Caisse populaire Rideau-Vision d'Ottawa contributed the equivalent of the \$10 membership share of each new member to the organization of their choice: Centre espoir Sophie, the Parkdale Food Centre, the Hunt Club Community Organization or the Partage Vanier food bank. It's just one more way we're showing that your Desjardins membership supports projects that have a positive social and economic impact in the community.

Association pour l'intégration sociale d'Ottawa

We donated \$3,000 to this organization serving French-speaking individuals with intellectual and developmental disabilities in Ottawa.
