Easier and greener

### Envelope-free deposits

The biggest feature of the new machines is that they're able to identify cheques and bills, which means no more envelopes! To make a deposit, you simply feed all your items together into the machine.

The ATM can accept up to 75 items at once, in any order. Just make sure nothing is held together with a paperclip or elastic, and don't include a deposit slip.

Once the machine is done counting, you'll be asked to verify your deposit amount onscreen and correct it if necessary.

### We're here to help

We know it's a big change, so we'll have people on hand to offer assistance. Don't be shy to ask a staff member for help or request a guided tour the first time you use the new machines. You can even schedule an appointment by calling the caisse at **613 824-6363**.
