

MARKET-LINKED GUARANTEED INVESTMENT (MLGI)

Flex-Pay Guaranteed Investment

Term: 5 years

OVERVIEW

The Flex-Pay Guaranteed Investment is an ideal way to diversify your portfolio and it allows you to secure potential interest each year. The capital invested is completely guaranteed and you secure interest if the security basket performs as well as or better than its starting value.

- Capital 100% guaranteed at maturity
- Protected by deposit insurance¹
- Conversion/redemption possible under certain conditions
- Potential interest secured each year and paid at maturity
- Eligible for registered plans
- Income taxed annually for non-registered investments if interest is secured²
- No management fees
- Hedged against foreign currency fluctuations
- Eligible for potential member dividends

Performance indicators	\$1,000 to \$24,999	\$25,000 to \$249,999	\$250,000 and more
Potential annual return	3.25%	3.75%	4.25%
Potential cumulative return	16.25%	18.75%	21.25%

Key dates	
Sale period	September 24 to November 25, 2019
Investment issuance	December 12, 2019
Investment maturity	December 12, 2024

The caisse is the issuer of the investment.

¹For more information on deposit insurance, please visit lautorite.qc.ca.

²Including interest paid before the issue date.

Public Storage	Financial services	United States
RELX NV	Technology	Netherlands
Swisscom AG	Telecom. Services	Switzerland
Thomson Reuters Corp.	Technology	Canada
Wesfarmers Limited	Consumer Staples	Australia

IS THIS INVESTMENT RIGHT FOR ME?

This investment may be right for you if you:

- seek capital protection;
- don't plan to withdraw your investment prior to maturity;
- want to secure potential returns during the term, rather than waiting until your investment matures.
- have an investment horizon of 5 years or longer;

HOW DOES THIS SOLUTION DIFFER FROM CONVENTIONAL TERM SAVINGS?

This guaranteed investment differs from conventional term savings in that it does not provide a pre-determined return.

Return on the investment is based on the appreciation of the benchmark portfolio and is known every year of the term. The cumulative return on investment will only be known at maturity.

HOW ARE RETURNS CALCULATED?

Between the purchase date and the issue date of your investment, your capital will earn interest at a rate of 1.00% per year.

For each year of the term, the potential return is determined according to the price change in the 20 securities listed above, using the following calculation method:

Each year, your interest will be secured if the return on the basket of securities, **compared to its initial value**, is greater than or equal to zero. If the performance is negative, your interest will not be secured.

Here is an example of how the return is calculated for a \$25,000 investment.

Year	Reference basket performance in comparison to its initial value	Rate of return	Interest secured
1	3.75%	3.75%	\$937.50
2	0.00%	3.75%	\$937.50
3	-6.00%	0.00%	\$0.00
4	-2.00%	0.00%	\$0.00
5	8.00%	3.75%	\$937.50

At maturity, this investment would have yielded:

Cumulative rate of return	11.25%	\$2,812.50
Annual average rate of return	2.25%	\$562.50

Cumulative return is the sum of interest secured and is presented for reference purposes only.

This investment does not entitle the holder to dividend paid by the companies in the reference basket. Investment returns are not affected by exchange rate fluctuations, even if security prices are published in foreign currencies.

For full details on how the return is calculated, please read the Investment Agreement.

The variable return is based on the change in price of the securities and could be nil for each year in the term of the investment. Your capital is always guaranteed at maturity.

HOW CAN I KEEP TRACK OF MY INVESTMENT'S PERFORMANCE?

You can access the Dynamic Market-Linked Guaranteed Investment Return Tracker by logging on to AccèsD and clicking on the Savings/Investments section, or by visiting desjardins.com/returntracker. Information on returns is provided for information purposes only. The return on your investment is also shown on your Desjardins monthly account statement, for information purposes. Return on the investment can only be known at maturity.

WHAT HAPPENS WHEN MY INVESTMENT MATURES?

Shortly before maturity, you will receive a reminder by mail or via AccèsD. At maturity, unless you give other instructions to your advisor or in AccèsD (if your investment is eligible for online renewal), your investment will be automatically reinvested in a similar product with comparable terms and conditions.

CAN I REDEEM MY INVESTMENT BEFORE THE MATURITY DATE?

Once a year, after the third anniversary, you may convert your investment into another Market-Linked Guaranteed Investment. You may also redeem it. At your request, you will be notified of its approximate conversion or redemption value. Please refer to the Investment Agreement for details.

Conversion/redemption value may be less than the invested capital and will not amount to the potential maximum at maturity.

WHAT HAPPENS DURING MARKET UPHEAVALS?

The caisse reserves the exclusive right to determine the appropriate measures to be taken in such circumstances. For example, if trading is suspended, the caisse could choose to postpone the date at which the starting index value of the investment is taken into account.

WHAT IF I CHANGE MY MIND?

You have up to five business days after receiving your Investment Agreement, by mail or via AccèsD, to ask your advisor to cancel your investment.
