## IS THIS INVESTMENT RIGHT FOR ME?

This investment may be right for you if you:

- agree to buy online to benefit from a higher potential return
- seek capital protection;
- wish to diversify your portfolio;
- have an investment horizon of 5 years or longer;
- don't plan to withdraw your investment prior to maturity;
- agree to forgo portion of the guaranteed return provided by conventional term savings to enjoy a higher potential return.

## HOW DOES THIS SOLUTION DIFFER FROM CONVENTIONAL TERM SAVINGS?

With the exception of the guaranteed return, this guaranteed investment differs from conventional term savings in that it does not provide a pre-determined return.

**Return on the investment is based on the appreciation of the benchmark securities and can only be known at maturity.**

## HOW ARE RETURNS CALCULATED?

Up to the issue date, your investment generates interest at 0.15% per year.

Between the issue date and the maturity date, the return is based on variations in the benchmark prices, up to a maximum of 11.00%.

To reduce the effect of a potential market pullback, we factor in the average of the monthly price readings during the last three months of the term.

| At maturity, if the portfolio cumulative return | the rate of interest will          |
|-------------------------------------------------|------------------------------------|
| is less than 3.00%                              | be 3.00%                           |
| ranges between 3.00% and 11.00%                 | match the actual cumulative return |
| is more than 11.00%                             | be 11.00%                          |

This investment is not eligible for dividends paid on the benchmark securities.

For full details on how return is calculated, please see the Investment Agreement.

**Variable return is based on changes in the prices of the benchmark securities and could be nil at maturity. However, this investment pays a guaranteed return and your capital is guaranteed at maturity.**

## HOW CAN I KEEP TRACK OF MY INVESTMENT'S PERFORMANCE?

You can access the Dynamic Market-Linked Guaranteed Investment Return Tracker by logging on to AccèsD and clicking on the Savings/Investments section, or by visiting [desjardins.com/returntracker](https://desjardins.com/returntracker). Information on returns is provided for information purposes only. The return on your investment is also shown on your Desjardins monthly account statement, for information purposes. Return on the investment can only be known at maturity.

## WHAT HAPPENS WHEN MY INVESTMENT MATURES?

Shortly before maturity, you will receive a reminder by mail or via AccèsD. At maturity, unless you give other instructions to your advisor or in AccèsD (if your investment is eligible for online renewal), your investment will be automatically reinvested in a similar product with comparable terms and conditions.

## CAN I REDEEM MY INVESTMENT BEFORE THE MATURITY DATE?

The Investment Agreement does not provide the option of converting or redeeming this investment before maturity.

## WHAT HAPPENS DURING MARKET UPHEAVALS?

The caisse reserves the exclusive right to determine the appropriate measures to be taken in such circumstances. For example, if trading is suspended, the caisse could choose to postpone the date at which the starting index value of the investment is taken into account.

## WHAT IF I CHANGE MY MIND?

You have up to five business days after receiving your Investment Agreement, by mail or via AccèsD, to ask your AccèsD advisor to cancel your investment.
