

MARKET-LINKED GUARANTEED INVESTMENT (MLGI)

Opportunity Guaranteed Investment - Artificial Intelligence and Innovation

Term: 5 years

EXCLUSIVE LIMITED-TIME OFFER

OVERVIEW

In addition to guaranteeing your capital at maturity, the **Opportunity Guaranteed Investment – Artificial Intelligence and Innovation** offers potential returns on companies that may capitalize on AI technology advances to break new ground in the market. AI allows systems to learn and perform tasks normally associated with human intelligence, like voice recognition, decision-making and car driving.

- Capital 100% guaranteed at maturity
- Protected by deposit insurance¹
- Interest paid at maturity
- Eligible for registered plans
- Income taxed at maturity if investment is non-registered²
- Eligible for potential member dividends
- Conversion/Redemption possible under certain conditions
- No management fees
- Hedged against foreign currency fluctuations

Performance indicators	\$500 to \$24,999	\$25,000 to \$249,999	\$250,000 and more

Microsoft Corporation	Technology	United States
NVIDIA Corporation	Technology	United States
Oracle Corporation	Technology	United States
Samsung Electronics Company Limited	Technology	South Korea
Taiwan Semiconductor Manufacturing	Technology	Taiwan
Tesla Inc.	Consumer Discretionary	United States

IS THIS INVESTMENT RIGHT FOR ME?

This investment may be right for you if you:

- seek capital protection;
- wish to diversify your portfolio;
- have an investment horizon of 5 years or longer;
- don't plan to withdraw your investment prior to maturity;
- agree to forgo a guaranteed return to benefit from a higher potential return than that offered by term savings.

HOW DOES THIS SOLUTION DIFFER FROM CONVENTIONAL TERM SAVINGS?

This guaranteed investment differs from conventional term savings in that it does not provide a pre-determined return.

Return on the investment is based on the appreciation of the benchmark securities and can only be known at maturity. Return could be nil at maturity.

HOW ARE RETURNS CALCULATED?

Up to the issue date, your investment generates interest at 1.60% per year.

Between the issue date and the maturity date, the return is determined as follows: Among the 14 securities in the basket, the 2 best-performing securities and the 2 weakest performance are excluded from the calculation.

The investment return is based on the average price change of the 10 retained securities, up to a maximum of 55.00% for investments less than \$25,000, or 60.00% for investments between \$25,000 and \$249,999, or 65.00% for investments of \$250,000 and more.

To limit the impact of a potential market downturn, we use the average monthly security prices over the last 3 months of the term.

This investment does not entitle the holder to dividend paid by the companies in the portfolio.

Investment returns are not affected by exchange rate fluctuations, even if the prices are denominated in foreign currencies.

For full details on how the return is calculated, please read the Investment Agreement.

The guaranteed investment's return could be nil at maturity. Your capital is guaranteed at maturity.

HOW CAN I KEEP TRACK OF MY INVESTMENT'S PERFORMANCE?

You can access the Dynamic Market-Linked Guaranteed Investment Return Tracker by logging on to AccèsD and clicking on the Savings/Investments section, or by visiting desjardins.com/returntracker. Information on returns is provided for information purposes only. The return on your investment is also shown on your Desjardins monthly account statement, for information purposes. Return on the investment can only be known at maturity.

WHAT HAPPENS WHEN MY INVESTMENT MATURES?

Shortly before maturity, you will receive a reminder by mail or via AccèsD. At maturity, unless you give other instructions to your advisor or in AccèsD (if your investment is eligible for online renewal), your investment will be automatically reinvested in a similar product with comparable terms and conditions.

CAN I REDEEM MY INVESTMENT BEFORE THE MATURITY DATE?

Once a year, after the third anniversary, you may convert your investment into another Market-Linked Guaranteed Investment. You may also redeem it. At your request, you will be notified of its approximate conversion or redemption value. Please refer to the Investment Agreement for details.

Conversion/redemption value may be less than the invested capital and will not amount to the potential maximum at maturity.

Some exceptions may apply - please refer to the Investment Agreement for more information.

WHAT HAPPENS DURING MARKET UPHEAVALS?

The caisse reserves the exclusive right to determine the appropriate measures to be taken in such circumstances. For example, if trading is suspended, the caisse could choose to postpone the date at which the starting index value of the investment is taken into account.

WHAT IF I CHANGE MY MIND?

You have up to five business days after receiving your Investment Agreement, by mail or via AccèsD, to ask your advisor to cancel your investment.
